Her name is Asterisk (Star) Mkhitarian, she is 84. Sister Veronica found her living in this old storage container which has been her home for the past 13 years. She has no children (her son died many years ago) nor family to help her. The effects of a stroke has left her barely able to walk and talk. The day we visited her, she had eaten only an apple and was very weak. There is no running water or toilet in the container and of the many places I've seen in Armenia, this perhaps was the worst living conditions of all. She needs a sponsor for her to live in the House of Hope. The Government increased the price of natural gas in April and everything has skyrocketed. Meat prices have nearly doubled, and all food is much costlier. The cost to heat the House of Hope this winter will be at least 30% - 40% more. It now costs around \$130.00 per month to feed, and house a widow in the Summer months and around \$150.00 in the winter. We presently have around 45 widows(er) and have room for 35 more. God's provision for them through your giving, has been nothing short of miraculous! Asterisk will likely not make it through another bitter winter in the container.

The two widows on the left are Sisters who have been trying to take care of each other. They are living in bad conditions and want to come to the House of Hope.

The lady on the right is 73, lives in squalor. She has been crippled from Childhood. Also wanting to be in the House of Hope.

URGENT NEEDS: We are needing a commercial stove and a commercial vacuum cleaner for the House of Hope. The costs for both are \$1250.00. Please pray about this urgent need. Also pray about becoming a supporter of a precious widow on a monthly basis.

I recently traveled to Armenia and the House of Hope, joined by Pastor Wilson Byrd of Huntsville, Al, and Missionary David Tolbert of Milton, FL. We were able to meet some new residents of the House of Hope and then go into city to visit with others who are hoping to be there when they get a sponsor. One of the highlights of the trip were the two services we were in at Pastor Vacheek's church in Vanadzor. This Pastor and his family have been a great blessing to the widows in the home, visiting and praying with them to receive Christ. He and his two sons are busy traveling to villages preaching and ministering in a car that's 21 years old. All three share the same car, which is worn out. They never ask us for a car, but I know God put it on my heart to come back and share this need with you. \$10,000.00 will buy a used 4x4 for their ministry travel. We preachers in America, have been blessed with good transportation. Can we help those who are laboring for the Kingdom and are not so fortunate as we?

THANK YOU

Sometimes thank you letters just don't seem to be enough to show our deep and heartfelt appreciation. Many of you have supported this ministry since its beginning. There are those of you who have helped keep us on the field with personal Missionary Evangelist support, some have supported various projects, from church plantings, to feeding the poor, as well as Gospel crusades. Then when the House of Hope opened in Armenia, there are those of you who have supported faithfully the widows whom we feed, clothe, shelter and minister the Gospel to.

Many have helped with the construction of the House of Hope, and the many needs of equipment thereafter. Through the shipment of two containers, so many needs were met, that otherwise, would not have been. A 4X4 vehicle, wheel chairs, hospital beds, walkers, and so much more!

Over the years, there are those who have bought us plane tickets to go and preach the Gospel to the far corners of the world and because of all of you who have sacrificed, thousands of souls have been added to the Kingdom of God!

Some churches, have made us your main Missionary Outreach, and we have tried to be faithful to the "High Calling" of the Missionary Evangelist. You will be rewarded on the great day when the Book of Remembrance is opened.

APARTMENT FOR SISTER VERONICA

In our last News Letter we shared our need to pay off Sister Veronica's apartment. She has labored faithfully for years ministering to the outcasts of this world and is worthy of having a decent place to live. As of this printing, only \$16,925.00 is needed to pay off the apartment. This has been a miracle from God, since we started this project in December needing \$35,000.00

Please pray about giving to the Apartment for Sister Veronica. God will bless you abundantly and a great need will have been met for this Sister who has given all to follow Christ and minister to poor widows.

Please write Armenia Apartment on your check memo or include it in a note with your offering. God bless and Thanks again for giving.
