Of The  
Forsaken And  
Forgotten In  
Armenia**

**From Sister Veronica:** “I have attached a photo of a man sitting on the bench at the front door of their building. His name is Tono. He was born in 1920. He was in the World War as an officer and has many medals of honor, and was a hero. Now he is very old and is living in loneliness with no relatives. He was fed like a dog and was hardly able to walk since his upper legs had sores from constantly wetting in his pants. He was smelling so bad and his bed also. The neighbors were telling us that the smell from his apartment was such a big problem that they called the sanitation department for help. We took him to the House of Hope, washed him and called for emergency care, and an Urologist came and gave prescriptions. In the photo I have attached you can see how he looks now, clean, washed, and healed, and HE ACCEPTED CHRIST AS HIS LORD! All his neighbors came to visit him and they were surprised to see him changed. This is a great channel to testify to his neighbors about Christ. May the Lord be glorified!”

God bless,  
Veronica

**ASIA:** We are planning to return to Asia in November. Since this will be published on our web site, security concerns will not allow us to mention the country where we plan to be. We are excited about working with Christian leaders there who are training young men and women to take the gospel to many, who have never even heard, the name of Jesus! We still need special support for this project and would deeply appreciate your prayers and help.

**From Sister Veronica:** “I have attached a photo of a lady who I found in my home visits. You can see her lying in bed. She cannot move and is a diabetic and suffering from cancer. There is nobody to care for her. She is 77 years old and asked me for food. I haven’t taken her to the House of Hope yet, but yet I send a meal for her every day. She was put out of her apartment and into the street. The Government gave her a little room in a very poor place. She has one daughter in Russia, but hasn’t seen her in ten years. This much I know about her.”  
Veronica

So many of the widows we take care of have no family. The few that do, might have a son or daughter who moved away to Russia or another country and completely cut off contact with them. They are a forgotten and forsaken group, but Christ has not forgotten and has commanded us to remember them as well.
