Around 170 Led To Christ And Two New Churches Planted In Ecuador, S.A.

On December 6, I traveled to Ecuador, accompanied by fifteen ministers and laymen. This group went at their own expense to minister in street evangelism and to help me plant two new churches near the capitol city of Quito. From left to right are: Curt Rhoden, David Ferrell, Rocky Muniz, Mike Howell, Richard Blount, Dwayne Shearl, Shannon Conner, Harold Hanks, Rodney Norman, Jeff Saksa, Marshall Cunningham, David Mathis, Bobby Hunter, Stephen Pridgen, and Duane Pooler.

Around seventy were saved in the three services I preached in the theater. People testified to healings and deliverance. Above is a scene from one of the powerful altar services. The team was a great blessing here as they ministered to a hurting and hungry people.

Around ONE HUNDRED PEOPLE were led to Christ as the team preached, sang, and witnessed to the people on street corners, squares, and in front of Catholic Churches. There was such a hunger evident in the faces of the people.

This man was an alcoholic, who later testified that he could go only a few hours without a drink. He was completely delivered in the first service and came back to every service thereafter.

In this picture, I am ministering in a non-Pentecostal Church to around a thousand people. After the message the wind (Holy Spirit) began to blow and God gave a powerful altar service. I believe that God is about to send a last-day revival to Ecuador. We plan on being a part of that revival.

Ecuador Opened To World Harvest Outreach

We are renting a building for one of the new churches planted in the above mentioned crusades. A beautiful property with several facilities on it. It was a miracle to get it at the price we are paying. I've been asked by the over-seer of the country to come back in a few months and start a new church in Guayaquil, a major city south of the capitol. This we are planning to do with your help. Please pray about this new country that God has opened to us. The Otavalo Indians make up a large part of the population and are in great need to hear the gospel. I am working with David Rameriz, who is president of the South American Seminary. David is overseeing the building of a new Bible School near Quito and is in need of some construction teams who will go to Ecuador at their own expense and lay block for the new school. If you would like to spend some time on the mission field helping with such a worthy project, please contact me immediately.

Back To Russia

I am planning to go to Collingrad, Russia around the end of February to plant one or two new churches. As you know, I can only do this with your help. God always supplies the need. We always plant the churches because the Lord has mission minded Christians like you, that He can speak to about the need. God bless you. Help me pray about this trip.

The Tent

Please continue to help me pray about the debt I still owe on the tent. We are planning on sending it down to middle Asia (Kazakhstan) in a few months. This country has many Moslems and borders China. I plan to go and preach a crusade there in the summer. This could be our door to China. Pray! Pray! Pray!
