## 400 Receive Christ In Ukraine Meetings

### Sunday Evening Service - Powerful

I arrived in Moscow on May 31 accompanied by Pastor Shannon Conner and Dean Hodges of Clewiston, Florida. The Lord really blessed brother Conner and brother Hodges in their crusade and church planting effort with some good meetings.

I left for the Ukraine the next day after my arrival in Moscow and after much travel my interpreter and I arrived in the city of Krivoy Rog. Here I was to preach five meetings in three different locations. We began on Friday night in a Culture Hall. I preached on "Jesus Christ the Savior, Jesus Christ the Judge." When I gave the invitation to accept Christ, around one hundred people stood to pray for salvation. The Lord gave us souls in the two Saturday services as well. During one of these services, two finely dressed teenage girls were saved. They came up to me after the service and wanted to ask a question. Why, they said, are tears coming from our eyes. I told them through my interpreter. It's because the Holy Spirit is touching you. They smiled and the tears swelled up in their eyes again. I am sure that it was the first time they had ever truly heard the gospel. What an impact it had on their lives!

The Lord gave us around sixty souls during the Sunday morning service, but the Sunday evening service was worth the entire trip. I preached in a square outside of a theater building. Around five

hundred people had gathered to hear the singing and the preaching of the word of God. There were hundreds of others walking the square and the potential for thousands to hear from the balconies of near-by apartment buildings. In the crowd were drug-addicts (I was told that this city had the worst drug problem of any city in the Ukraine) alcoholics, and God only knows what else. I preached on the story of the Prodigal son and shared with them my personal testimony of how God delivered me from such a terrible life of drugs and crime. The Holy Ghost was present from the beginning. When I gave the invitation for those who wanted to accept Christ, around 150 people walked out of the crowd and came forward. They were weeping and under great conviction. I wish all of you could have been there. This is what makes it all worth while. All the travel, having to leave my family for weeks at a time, and all the hard-ship. This was one meeting I will never forget. A seed was planted in this city for another new church. We were able to provide funds toward the rental of a hall. Praise God!

### Sunday a.m. service around 60-70 receive Christ.

After this crusade, we traveled to the city of Donetsk. I preached a short crusade in a village south of the city. The Lord gave us around sixty who prayed for salvation in these meetings. Here we planted a new church, by providing the funds for renting of a building for a year and we provided the new pastor a salary for six months, besides paying for the cost of the Crusade.

These crusades and church plantings can happen only because God enables friends of this ministry to give. Friends like you, who see the need and have the burden for lost men world-wide.

It is possible that I will be going with brother Clendennen to the war-torn country of Armenia in September. Here we plan to preach crusades and plant new churches among a people who are poor, beaten down, but hungry for God!. I would appreciate your prayers concerning this trip.

#### **HELP! THE SUMMER SLOW-DOWN IS HERE!**
