Preaching The Gospel To A Crowd In New Vilnius, Lithuania. The People Know About Christ, But Few Truly Know Him.

On February 27, I departed for the former Soviet Republic of Lithuania. A nation once controlled by Communism, now controlled by Catholicism. I was accompanied by Pastor Shannon Conner of Clewiston, Florida.

My first service was held in a technical institute in the city of Svenchonis. A former student of the Bible School in Vilnius pastors a group of students that he has won to the Lord. We were able to support Brother Anatoly for several months. He is an aggressive student, who labors fervently for the kingdom of God. Your gifts made this support possible.

Our first church planting crusade was in the city of Kupishkis. This city's religion is dominated by a well known Catholic priest who has no use for anything other than his own religion. I was told that this whole effort would be very difficult. Our first service was held in a small cultural hall and was well attended. I tried to preach in such a way as to help the people understand that being born again was the only hope of salvation. That it was not found in some church or tradition, but only through a personal relationship with Christ. Around 25-30 responded to the invitation to pray the prayer of repentance. The new pastor (another Bible School graduate) was elected at the response of the people. We were able to rent him a hall for a year and pay him a salary, as well as the expense of the meeting.

Our next church planting crusade was held in a theater building in New Vilnius. This is a suburb of the Vilnius, the capitol of Lithuania. New Vilnius is made up of ethnic Russians.

Most Of These Responded To The Invitation To Accept Christ. This Is Very Likely The First Time That The True Gospel Has Ever Been Preached Here.

There were around 25 who accepted Christ in these two services. We prayed for the deliverance of poor alcoholics. Their only hope is Jesus! We were able to rent this building for six months. I am sure that a strong church will come out of this effort. Keep all these new churches and Pastors in prayer. This is a very needful area. In one school, I was told that one third of the children only get one meal a day, and that is at school. The school has been allotted only one lita (25 cents) per year to feed the children. Our friends in New Vilnius (the Dentons) gave them fifty dollars to fix their old broken down stove so that they could cook for the children.

Pastor Conner planted two churches, one in Kolingrad, Russia and another in Lithuania. He led several souls to Christ and left support for the new churches and pastors.

I deeply appreciate all the men and women of God who have gone with me to Eastern Europe and South America and have invested their time and money to win souls and plant churches. I also deeply appreciate you who have stayed behind and have stood in the gap for us with your prayers and finances. God has a special reward for you in Heaven!

Heading For Ecuador, South America In April And May...

I will be leaving for Ecuador, South America on April 3. I will be ministering to the precious ministers of that country in a special meeting just for them. The Bible School students will be there and we are expecting a great visitation from God. I will be accompanied by Pastor Harold Hanks from Mt. Dora, Florida. Brother Hanks will be going at his own expense to help in this meeting.

On May 3, I will be going to Guayaquil, Ecuador with a team to preach a crusade and plant a new church. This will be a very special meeting. I desperately need your support for this meeting. The expenses are great, but the eternal benefits will be awesome! If you or your church, youth group, etc., would like to sponsor this new church, please contact me immediately and let me know.

New Plans For Kazakhstan

The property was bought for erecting the tent in Kazakhstan (Middle Asia), but the tent will not fit. So, now the plans are to erect a building on it. I was planning to go the first of June to preach in this Moslem territory. Now I will have to wait a few months until the building is finished. Pray the will of God be done.

New Sponsors

The Lord is directing more churches to make us their missionary ministry. We are now sponsored by churches of various denominations and independent churches. There is so much more we want to do. We can only wait until the Lord provides the means. It is so hard to wait, when the souls of men are perishing and the world is racing to judgment.
