URGENT PRAYER REQUEST!

I was asked to delay my trip to Armenia, as the whole region has been without water for over a month now. The situation is critical. We are trucking in water to the House of Hope in large jugs. Sister Veronica cannot even stay at the Bread house, as they have no way to store water. The main line is old and broken. In this country, it normally could take months to repair. Please pray that God will help them to fix the problem and soon.

The elderly man in the picture above was Hrachik Hovanissyan . His story is a testimony to the mercy and long suffering of the Lord Jesus and the full Gospel ministry of the House of Hope. Hrachik was found eating out of the garbage in the city of Vandazsor, Armenia. When told he would be going to the House of Hope, to be fed, clothed, and to get a shower, he told his story. Hrachik told our people, that he hadn't had a bath in over four years. He said he had no place to live, and ate out of the garbage, then went to find somewhere to lie down and go to sleep. He said it was better to be asleep than awake in his miserable condition. He told them he had lived like an animal for years. He was taken to the House of Hope, given a warm, clean bed, food everyday, and the love of God. When he would go back to his room after meals, they would find that he had put food in his pockets for later, he had been so hungry on the streets. He kept hearing the others in the House of Hope and in church services held there for the old, about a man named Jesus. He asked the others in the Home, "when will this Jesus be coming to the home?" He told them the way they talked about this Jesus, "he must be a pretty good guy" and he wanted to meet him. Without doubt, he had never heard the gospel story of Jesus the Son of God! Our workers told him about Jesus and the plan of salvation. In one of the services, he got down on his knees and ask Jesus into his heart. Just a week or two after, they found that he had died in his sleep. He got to meet this Jesus face to face!

This is what the House of Hope is all about. Will you sponsor and adopt one or more of these precious poor widows and elderly people? For \$100.00 per month, their needs can be met. Remember "Pure religion and undefiled before God, is to visit the widows and orphans in their affliction".

There are still many needs for the House Of Hope, besides the ongoing monthly cost to take care of the widows and poor elderly who are there. We are needing more sponsors to adopt one of these precious old people at \$100.00 per month. Once you have sent in your first months support, we will send you a picture of the person you are helping. On the back of the photo will be their name and date of birth. You would be welcome to write words of encouragement to them or to send a card on birthdays, or Christmas. Sister Veronica would translate the card for them in the Armenian language. Please pray about taking on one or more of these precious folks. It would be great missions project for a church, ladies ministries, Sunday School class, youth group, and of course individuals who want to help the poor and needy. Take it to God in prayer, and I know He will lead you to do so.

We still need furniture and equipment for fifty more widows and elderly to come and live in the House of Hope. The dollar is still losing its value in Armenia as in the rest of the world. The cost now will be over \$18,000.00 to furnish beds, blankets, more kitchen and laundry equipment, etc. This is an urgent need, please help us pray for a miracle concerning this. We also are getting ready to ship a 2004 Isuzu Rodeo to Sister Veronica and the House of Hope, the cost to finish paying off the vehicle and to ship, is \$13,500.00. This will be a great blessing to them, as sister Veronica's car is worn out and broken down. The Isuzu has just over 30,000 miles and will be good on the rough roads of Armenia. Remember these projects can be done in memory of a loved one, and what better way to honor them then to do it for the Lord's work to the poor and needy?
