**THE HOUSE OF HOPE IS  
DEDICATED IN ARMENIA**

1992 received by Dr. Robert Voigt  
 16

**House Of Hope**

Many who saw the building before renovation, thought it could never become useable. With God's help and direction it, now sits like a beacon on a hill.

**Isuzu Rodeo Donated**

Sister Veronica who heads up the House of Hope, standing by the vehicle you purchased and shipped over. They will enable them to go get food supplies and do errands for the Home.

**Getting Ready For Banquet**

Abu and Navare (a blind couple) sit with two precious old widows waiting for the dedication banquet to begin. They lived in deplorable conditions before, Cold and hungry, and forgotten by the world.

**From Rags To New Clothes**

These precious ladies are dressed up for the banquet. They came from hopeless situations of extreme poverty and no one caring, to being clothed, sheltered, and fed in the House of Hope

**Equipment Arrives**

14 tons of equipment for the Home was shipped over. Hospital beds, wheel chairs, walkers, linens, clothes, shoes, and more!

**Giving Thanks For The House Of Hope**

Our group went into the room to visit these two old widows, who were overjoyed at being in the House Of Hope. They kept thanking us and their sponsors in America over and over!

**Dedication Banquet**

What a wonderful dedication meal and time of fellowship with the widows and old people in the House Of Hope

**Helping Orphans Too**

This little girl is one of four sisters that we got out of a storage container and moved into an apartment

Good-Bye Ole Friend,

When Brother Calvin Taylor of Madera, California and I first met, we became instant friends! Brother Taylor had a love for people and a heart for missions. We spent time together almost every time I was in the area. We shared a love for "Mules" and the great outdoors, but most of all, our Lord.

Brother & Sister Taylor were some of the greatest supporters of the House Of Hope. He always wanted to make sure that the widows and old folks were taken care of. Their vision and burden for the Home made it possible to advance the opening date and get the widows out of their old buildings and storage container homes.

At my request and over their protest, I had their picture put in the building to represent all the Christians and Churches in America who had sacrificed to make the House of Hope possible. We did the dedication in Brother Taylor's memory.

Brother Taylor passed away about the time I arrived in Armenia for the dedication. He was ushered into the presence of God by the Angels. I have no doubt that by now he has met some of the widows and widowers who have passed away at the House of Hope. Many of these became Christians because of hearing about Jesus from Sister Veronica and others preaching in the Chapel services.

Without you and the Taylor's, some of these might not have ever heard the wonderful story of Jesus and His love.

I cannot express just how much I miss my ole friend and brother, but I'm assured that we'll see each other again, because for him, it was not the "end of the trail".

Good-bye ole friend, till we meet again.

On August 18, we dedicated the House Of Hope in Armenia. Six of us traveled over for the long anticipated event. The building had been cleaned and decorated for our arrival. The residents were all dressed in new clothes that Sister Veronica had provided and were excited about our coming. Most of them had spent a long winter here with the temperatures dropping to over 20 degrees below zero! They gave testimonies of thanks for their sponsors making it possible for them to live there. Sadly a few who were in the home over the winter, did not live to enjoy the dedication. We rejoice though that their last days were not lived out in poverty, hunger and cold, but in the Home God used you to build. We also rejoice that these, who had passed on, had been told about Jesus and had accepted Him as Savior!

A container filled with equipment, clothes, a vehicle and more arrived in September from the F.G.I. Church in Manchester, Connecticut. Through your gifts we purchased a late model vehicle for Sister Veronica. The engine was gone in her old car. We have room for around fifty more widows and elderly Armenians. We just need sponsors at \$100.00 per month to take care of them. If you cannot sponsor the full amount, any gift monthly will help. For more information, please contact our office at 931 - 779 - 5215.
